# 1960 IRIS LIST

Shipment of Bearded Iris will begin about July 1st. Rhizomes will be state inspected and of good size and newly replanted stock. Our constant aim is to make satisfied customers and we are always more than willing to make adjustments in case a slip-up should occur. Please list a few substitutions as we may be out of stock on some varieties later in the season. This also helps us in selecting a free gift to include with each order.

**NOTE:** Varieties marked (h) are hybrids resulting from crosses between tall beards and either *Oncocyclus* or *Regelia Iris*. Included in the former group are the "Mohrs." It is quite natural for some varieties to go dormant in summer, losing most or all of their foliage. Rhizomes of many are by nature quite small but in all cases the size of rhizomes sent will be representative of the variety.

**SALES TAX:** California customers please add 4% of each order.

**POSTAGE:** We prepay postage anywhere in the United States on orders of \$5.00 and over. On orders less than \$5.00 please add 50 cents to cover postage and packing.
